

## Project board Week-1

This screenshot shows a Trello project board titled "202 ProjectBoard Week-1" within "tarun kasturi's workspace". The board is organized into four columns: BRAINSTORM, TODO, DOING, and DONE. The BRAINSTORM column contains four cards detailing the initial project discussion, UI design, wireframe creation, and logic planning. The TODO, DOING, and DONE columns are currently empty, each with an "Add a card" button. The interface includes a top navigation bar with options like Workspaces, Recent, Starred, and Templates, along with a search bar and user profile icons. A right sidebar offers additional functionality such as Automation, Filter, and Show menu.

BRAINSTORM	TODO	DOING	DONE
Discussed the project and we divided the work frontend and backend.	+ Add a card	+ Add a card	Designed and created the wireframes.
Tarun and Ishaan worked on front end and established a rough UI design.			We figured out the mileage points logic
Designed and created the wireframes.			+ Add a card
We figured out the mileage points logic.			
+ Add a card			

## Project board Week-2

This screenshot shows a Trello project board titled "202 Projectboard Week-2" within "tarun kasturi's workspace". The board is organized into four columns: Brainstorm, TODO, Doing, and Done. The Brainstorm column contains three cards detailing the establishment of front-end design, backend logic, and MongoDB schema. The TODO, Doing, and Done columns are currently empty, each with an "Add a card" button. The interface includes a top navigation bar with options like Workspaces, Recent, Starred, and Templates, along with a search bar and user profile icons. A right sidebar offers additional functionality such as Automation, Filter, and Show menu.

Brainstorm	TODO	Doing	Done
We started establishing the front end design	+ Add a card	+ Add a card	Implemented backend logic
We figured out backend logic.			Created MongoDB schema
Created MongoDB schema			+ Add a card
+ Add a card			

## Project board Week-3

This screenshot shows a Trello project board titled "202 ProjectBoard Week-3" within "tarun kasturi's workspace". The board is organized into four columns: "Brainstorm", "TODO", "Doing", and "Done".

- Brainstorm:** Contains two cards. The first card reads "We deployed the frontend". The second card reads "We implemented backend code setup and API creation for user login and set."
- TODO:** Contains one card: "+ Add a card".
- Doing:** Contains one card: "+ Add a card".
- Done:** Contains two cards. The first card reads "Deployment of frontend.". The second card reads "Backend code setup and API creation."

The interface includes a top navigation bar with "Workspaces", "Recent", "Starred", and "Templates" dropdowns, a "Create" button, and a search bar. On the right, there are buttons for "Automation", "Filter", and "Show menu". A "+ Add another list" button is located at the bottom right of the board area.

## Project board Week-4

This screenshot shows a Trello project board titled "202 ProjectBoard Week-4" within "tarun kasturi's workspace". The board is organized into four columns: "Brainstorm", "TODO", "Doing", and "Done".

- Brainstorm:** Contains two cards. The first card reads "We modified some changes in the frontend and made it to final phase.". The second card reads "We also established APIs for ticket booking and canceling."
- TODO:** Contains one card: "+ Add a card".
- Doing:** Contains one card: "+ Add a card".
- Done:** Contains two cards. The first card reads "Final phase of frontend.". The second card reads "APIs for ticket booking and canceling."

The interface includes a top navigation bar with "Workspaces", "Recent", "Starred", and "Templates" dropdowns, a "Create" button, and a search bar. On the right, there are buttons for "Automation", "Filter", and "Show menu". A "+ Add another list" button is located at the bottom right of the board area.
